COMMUNITIES AND SPECIAL INTEREST GROUPS (SIGs)

The CCA is host to several actuarial communities and special interest groups. These are active forums for peer exchanges, sharing your questions, and taking action to help shape the profession. The specialized knowledge that members of CCA Communities share continually helps to guide the design of CCA presentations, seminars, audio/webcasts, and other continuing education offerings, all of which advances the practice.

PRESENTER/SPEAKER

Are you a subject matter specialist on a topic of interest to fellow members? If so, there are opportunities to be a presenter/speaker on a variety of topics within CCA's continuing education programs. If you would like to be a presenter/speaker, please indicate which topics you are willing to present.

SESSION ASSISTANT

Are you interested in learning as much as possible about a topic? Consider being a Session Assistant at a CCA Annual Meeting program session. Session Assistant duties include writing a brief summary of specific sessions at the meeting, collecting continuing education forms, and other duties as requested by the Moderator. New actuaries are especially encouraged to consider serving in this capacity, as it is an excellent way to network into other continuing education opportunities and gain exposure to potential speaking opportunities.
