Overview

Service as a member on the CCA Board of Directors is both a privilege and a responsibility. This questionnaire is designed to assist the Nominating Committee in gauging your interest and commitment to serve on the Board of Directors. Studies of both corporate and nonprofit organizations have concluded that informed, engaged boards, leadership, and attentiveness to the core components of governance are typically associated with successful, effective organizations.

Our success and effectiveness – both collectively and individually – depends on our understanding and acceptance of the role of the Board of Directors in governing CCA. The strength, involvement and commitment of the members of the Board of Directors determine the organization’s ability to maintain its tradition of success.

In this regard, we request that you complete the following information to assist us in our consideration of you to be placed on the election ballot for the CCA Board of Directors. Completion of this form doesn’t guarantee you a position on the slate of Nominees ballot released at the direction of the Nominating Committee.

BOARD COMMITTEE PARTICIPATION

Due to the somewhat limited size of the CCA and the CCA’s volunteer network, it is essential that the CCA Board take charge, at least initially, for ad hoc task forces and committees formed for specific purposes, e.g. the Benefits and 401K Investment Committees. It is requested that Board members actively participate on at least one task force or committee each year.

PERSONAL ADVOCACY ON BEHALF OF CCA

As a CCA Board member you should be a champion of the organization by being an active member and promoting the organization within and outside of your organization. In addition, Board members are asked to make welcome calls to new members and calls to individuals whose dues are in arrears to try to understand the reason behind a potential drop/resignation.

Please describe your advocacy of the CCA, and if you’ve been successful in recruiting new members to join the CCA:
