

Procedure: Setting Email Preferences on Higher Logic

Getting tired of receiving email from your group on Higher Logic? Change the settings to receive a daily digest rather than real time (as postings occur). Here's how:

1. Login to www.ccactuaries.org with the same email and password as usual.

Note: If you have any difficulty with the password reset function, please email conference@ccactuaries.org or call the CCA office at 847-719-6500 between the hours of 8:30 AM and 4:30 PM CT Monday - Friday. Please do **NOT** create a new email address.

The screenshot shows the homepage of the Conference of Consulting Actuaries. At the top, there is a navigation bar with 'Login' and 'Register' links. Below the header is a navigation menu with links for 'Home', 'Member Resources', 'Education', 'Governance', 'Archives', 'Directory', and 'Join', along with a search box. The main content area is divided into three columns. The left column features a 'Directory of Actuarial Consultants' search form with fields for 'First Name', 'Last Name', 'Company', 'City', and 'State', and a magnifying glass icon. The middle column has a blue box with the text 'Looking for a Consulting Actuary?' and 'The Directory of Actuarial Consultants allows you to search for a consulting actuary by practice area, location, company or name.' The right column contains 'About the' and 'Upcoming' sections with introductory text and bullet points.

Procedure: Setting Email Preferences on Higher Logic

6. The *Settings* dialog box opens. Click the drop-down arrow on the left of the **REAL TIME**  **Email** button to see the difference regularity of email that may be set.

7. The available selections for email regularity are displayed. Select **Daily Digest** to receive a single email that captures all the activity for the day.

Procedure: Setting Email Preferences on Higher Logic

- The *Settings* dialog box re-opens and the email notifications box has turned green. This indicates that you have successfully changed your email notification from real time (as soon as a posting is made) to daily digest (a single email at end of day recording all postings that day.)

- The *Settings* dialog box disappears as soon as you click off of it. The changes you've made take place within an hour and can be changed as desired. You can switch to no mail when you're on vacation and then back to real time or daily digest when you return.

As always, if you have any difficulties with Higher Logic, you can click the [HELP](#) **Help** button in the banner of the screen or email us at conference@ccactuaries.org or call us at 847-719-6500 and we'll be happy to help
